Dear CISS Parents / Guardians,

Every year sports are becoming more and more popular at CISS. Hundreds and hundreds of students tryout for the CISS Wolves teams every season. As a result, during the 2017-18 school year, Soccer Saturdays were introduced to the CISS Community. The feedback from this program was tremendously positive, but I heard from a lot of families that they wanted more sports offered than just Soccer. I am very excited to announce that this request is being granted in the form of Super Sports Saturdays!

Super Sports Saturdays will feature the following 3 sports: Soccer (Grades 2-6), Badminton (Grades 4-8), and Basketball (Grades 3-8). The full schedule is below and please note the times have been staggered for each Grade so your child(ren) can take part in more than one sport if you would like them to. This program will be exclusively available to CISS students.
